About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. San Leandro Unified School District held a public hearing on November 14, 2017 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of January 2018 and May 2016 are illustrated in the chart.

The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The key elements of the School Site Safety Plan include communication, preparation and safety. Fire, earthquake, stay in place, and intruder drills are conducted on a monthly basis throughout the school year.

The School Site Safety Plan was last thoroughly reviewed in the 2016/2017 school year. The 2017/2018 Bancroft administration is in the process of revising the School Safety Plan for recommendation to the School Site Council for approval.

To ensure student safety, staff members supervise students at all times before and after school, and during all breaks. Any visitors to the campus are required to check in and check out at the school's office and wear the proper identification badge at all times.
