2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

JOHN MUIR MIDDLE SCHOOL

John Muir Middle School is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. The city of San Leandro is a suburban community of approximately 90,000 residents. The city occupies 15 square miles between the cities of Oakland and Hayward and is bordered on the west by the San Francisco Bay and in the east by the East Bay Foothills. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner associations.

John Muir Middle School is an Advancement via Individual Determination (AVID) site. The AVID program promotes a college-going culture through an instructional framework that supports teachers in the implementation of Common Core State Standards and Next Generation Science Standards. The core academic program at John Muir includes English Language Arts, Mathematics, Science, History, Physical Education, and Electives. Students can choose from among the following electives: Art, Computers, Spanish, Leadership, AVID, ELD, Independent Work Education (IWE), Drama, Symphonic Band, Orchestra, and Choir. During the instructional day, John Muir Middle School has a full-service multimedia center including a 3-D printer and laser cutter. John Muir also has a thriving Athletic program that includes softball, track and field, boys/girls basketball, boys/girls volleyball, flag football, wrestling, cross country, tennis, and golf. With a 1:1 computer ratio. John Muir is committed to providing all students with a learning environment that encourages higher-level thinking skills, creativity, meaning-centered learning, collaborative exploration, discovery, and independent reflective work. Our teaching faculty of highly qualified teachers is dedicated to teaching students a rigorous core academic program that will prepare students for high school. The John Muir staff regularly analyzes data to inform their instruction. Analysis of data by the John Muir teaching staff includes the examination of STAR Renaissance data, CAASPP data, District Interim Assessment Data, California Healthy Kids Survey (CHKS), and ELPAC data.

AVID (Advancement via Individual Determination)

John Muir is an Advancement via Individual Determination (AVID) site. A number of John Muir teachers have been trained in the AVID methodology. Through the AVID College Readiness System, the John Muir staff is committed to providing all students with a middle school experience that will support them in accessing college and career opportunities. In addition,

2021-22 School Overview

through the instructional methodology of the AVID College Readiness System, all John Muir teachers receive ongoing professional development in WICOR (Writing, Inquiry, Collaboration, Organization, Reading) to support their delivery of instruction.

PBL (Project Based Learning)

Most teachers at John Muir Middle School have been trained in Project-Based Learning. Project-Based Learning, or PBL, is a teaching method that engages students actively in learning by asking them to investigate an interesting and complex question, problem, or challenge, and then to create something in response. Projects can vary in length; some may take a week or two, others a month or more. Projects may be done individually, in teams, or through the whole class. Many of our students' projects are showcased at Open House during the spring.

ACADEMIC EXCELLENCE

John Muir is committed to providing our students with a variety of enrichment programs to promote academic excellence, college and career readiness, positive student behavior, and to promote a positive climate for learning. The John Muir staff is committed to providing an educational program in which the school's resources and services are effectively coordinated to meet the needs of every student. Our teachers strive to provide students with high-quality instruction through WICOR, Project-Based Learning (PBL), PBIS, and enrichment that leads to classroom environments that are responsive to students needs. It is John Muir's goal to provide academic programs that are rigorous, personalized, culturally responsive, and appropriately challenging for all students.

COLLABORATION

A core value of John Muir is to foster a collaborative community where all stakeholders have a voice. John Muir Middle School is a school community that promotes shared decision-making, parent involvement, and community involvement. We believe that it is through the collaboration of students, families, staff, and the John Muir community where we will attain positive experiences and success for all John Muir students.

INSTRUCTION

During the 2021-22 school year, the instructional periods at John Muir were 55 minutes long on Mondays, Tuesdays, and Fridays and 90 minutes long on Wednesdays and Thursdays. On our Wednesday and Thursday block days, the instructional day ended at 2:00 pm, and this early release time was used for teacher collaboration, parent communication, teacher office hours, and professional development. The focus of staff collaboration is to align our instructional activities in order to improve the academic performance of all students, specifically English Learners (EL) and students who require additional intervention to support their learning needs. Recognizing the need to focus on the whole child, our teachers provide learning experiences that foster social/emotional growth through the development of students' communication and collaboration skills.

PROFESSIONAL DEVELOPMENT

During the 2021-2022 school year, John Muir teachers were provided with a number of opportunities to grow professionally and improve. At the site level, professional development occurs during a variety of meetings (faculty, departmental, grade level, admin updates). The John Muir administrators, AVID Site team, Department Chairs, and other members of the staff facilitate professional development sessions. In addition, all teachers participate in the district-wide professional development days in the fall and spring that support San Leandro Unified instructional vision of providing responsive, personalized learning pathways for college and career readiness. Classified staff also participates in a variety of training throughout the school year.

CONFERENCES AND WORKSHOPS

John Muir teachers attend conferences and workshops throughout the year. Teachers focus their professional development in the areas of the Common Core Standards, Next Generation Science Standards, Project Based Learning, Eureka Math, StudySync, Integrated ELD, and Designated ELD. Many John Muir teachers have attended an Advancement via Individual Determination (AVID) Summer Institute. Our Science teachers work closely with the Alameda County Office of Education as they have transitioned to the Next Generation Science Standards. These conferences and workshops have supported the staff in implementing the Common Core Standards and Next Generation Science Standards. New teachers at John Muir are provided support through John Muir's monthly new teacher meetings and through the Center for Teacher Innovation.

LOCAL AND STATE ASSESSMENTS

John Muir administers the STAR Renaissance assessment three times throughout the school year and a District interim assessment midyear. In addition, John Muir math teachers use Eureka end of Module assessments as a district benchmark assessment. John Muir administers the SBAC to all students as our end of year summative assessment. In combination, the above assessments are used to analyze our instructional program.

ENGLISH LEARNERS (EL)

During the 2021-2022 school year, John Muir had approximately 210 EL students. The majority of English Learners speak Spanish. The other languages spoken in the school are Tagalog, Vietnamese, Chinese, Arabic, and Japanese. A Designated

2021-22 School Overview

ELD course provides John Muir English Learners with 30 minutes a day of English Language Development instruction. In addition to the Designated ELD instruction, all content area teachers provide Integrated language supports for our English Learners. To support teachers with the systematic language instruction in English, John Muir teachers participate in professional development training in Designated ELD and Integrated ELD.

JOHN MUIR MISSION VISION AND SOCIAL VISION

John Muir Mission Statement - To prepare each student for academic, emotional, and social success.

John Muir Vision Statement - John Muir Middle School is a safe and inclusive community where everyone is actively engaged in learning.

John Muir Social Vision - Falcons Stand Up, Stand Strong, and Stand Together

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school’s instructional program. San Leandro Unified School District held a public hearing on September 14, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of August 2021 are illustrated in the chart.

School Facility Conditions and Planned Improvements

Age & Condition of Facilities

John Muir Middle School was originally constructed in 1950 and is currently comprised of 58 permanent classrooms, a library, a staff lounge, a multipurpose/ cafeteria room, a gymnasium, and a playfield with soccer and baseball fields. Recent renovations include the installation of new exterior fencing, exterior paint, and connection to the city's fiber loop for high-speed internet access. The library was renovated in the 2017-18 school year.

Cleaning Process

The principal works daily with the head custodian and custodial staff to ensure a clean and safe school environment.

Maintenance & Repair

District maintenance staff inspects and makes timely repairs necessary to maintain the facility. The district recently implemented a new work order system to ensure efficient and timely service for all repairs and service requests.

Measure J1 Bond Work:

The school received new heating, ventilation, and air conditioning (HVAC) units in all classrooms in 2016. Additionally, the school's electrical system will be upgraded to accommodate future needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.38	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is a primary concern at John Muir Middle School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is updated annually by the John Muir Middle School Safety Committee. The key elements of the School Site Safety Plan entail disaster preparedness and assignment of responsibilities. Fire, earthquake, and intruder drills are conducted on a regular basis throughout the school year. To ensure student safety, staff members supervise students at all times before and after school, and during recess and lunch. The presence of visitors on campus is limited due to SLUSD's COVID-19 safety guidance. Any visitors on campus are required to have a scheduled appointment with a staff member, check-in and check out at the school's office, show proof of full vaccination, and wear the proper identification badge at all times.

SLUSD follows all health and safety guidelines from the California Department of Education, California Department of Public Health, Centers for Disease Control (CDC), the Alameda County Public Health Department, and the Alameda County Office of Education. Safety measures include daily self-screening for students and staff and mask wearing indoors and outdoors. Any individual who does not pass the self-screening is required to stay home and is encouraged to get a COVID-19 test. Students with confirmed positive cases and any on-campus contacts must follow quarantine guidance from the Alameda County Public Health Department. Teachers are required to maintain and update seating charts to facilitate COVID-19 close contact tracing procedures.

All SLUSD schools have uniform emergency procedures for an intruder on campus, unsafe situations in the surrounding community, chemical spills, or environmental and natural disasters. All procedures were created in collaboration with local law enforcement and are based upon nationwide best practices. Procedures are kept confidential to the community to protect students and staff. In response to COVID-19, SLUSD will report all confirmed positive cases among personnel and students physically present at district schools and facilities during their infectious period for COVID-19. The infectious period begins two days before the onset of symptoms. If the case did not have symptoms, the infectious period is considered to be two days prior to the testing date. Note that personnel includes contractors, substitutes, and others working at SLUSD schools and facilities. for the most up-to-date emergency and safety information and the district COVID-19 Resources and information visit <https://www.slusd.us/families-community/>.

Professional Development

The goal of John Muir's Professional Development plan is to support the district vision of creating responsive, personalized, learning pathways for career and college readiness. John Muir teachers participate in a variety of professional development opportunities to achieve this goal. Since we are an AVID site, the John Muir staff receives ongoing professional development in AVID WICOR strategies. John Muir teachers have received training in Project Based Learning. Project Based Learning (PBL). PBL is a teaching method that engages students actively in learning by asking them to investigate an interesting and complex question, problem, or challenge, and then to create something in response. All John Muir teachers participate in our monthly staff development meetings, department meetings, grade level meetings and weekly Professional Learning Communities (PLC). Staff development for beginning teachers is supported through the Center for Teacher Innovation (CTI). All teachers have access to and may receive support from our district Instructional Coaches. San Leandro Unified School District supports staff development through three Staff Development days each year.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
