2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Dear Families,

It is an honor to be a part of the Washington community! It is a beautiful school with classic and stately architecture surrounded by lush park grounds that draw families who walk from nearby apartments, bungalows, and sprawling homes, all where cherry orchards once stood. The diversity in architecture reflects the myriad faces in this community. The culturally and linguistically rich backgrounds, the inviting neighborhood, and inspired staff are just some of the key elements that make Washington Elementary a coveted school in this district.

Our dedicated teachers provide a rigorous academic curriculum based on Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS) to ensure access to all of our students. We incorporate Project Based Learning throughout the school day to help solidify the standards in a meaningful and memorable way. We collaborate and analyze data regularly to produce deeper and individualized learning pathways for every student.

We have worked especially hard to create a true home-school connection, where families are welcome to be on our campus before, during, and after school. During normal times, on any given day, you can find our Parent Center and our classrooms bustling with volunteers. We have a dedicated parent facilitator who welcomes and guides parents in supporting their child's education.

Washington School has a robust Spanish Bilingual Pathway program from first through fifth grade. We have a Dual Language Immersion (DLI) program that began with two Kindergarten classes (in 2017) and is growing each year (currently, we are in our 6th year). We believe that these programs promote the benefits of learning two languages, lead to increased friendships among multiple language groups, and affirm all of our students' heritage, leading to increased academic achievement for all students.

We also believe that our students must have access to enrichment opportunities to help maintain focus on their future aspirations and dreams. This belief was the basis for the development of a substantial after-school program. In addition to traditional extended learning after-school programs, we have offered in previous years a variety of outside-of-school classes. Examples include classes such as Theater, Robotics, Coding, Ballet Folklórico, Jazz Band, Creative Arts, Hip Hop Dance,

2022-23 School Overview

Science in the Garden, Drumline, and Girls' Running program. We have also opened our library before and after school to instill the love of reading and allow access to computers and technology.

There are so many unique and amazing opportunities available for Washington students and their families. It would take pages to capture them all here! We offer tours to prospective families on the first Friday of each month at 9:00 AM. I can be reached directly at (510) 618-4363 or via email at mmanriquez@slusd.us.

With Warm Regards,

School Mission Statement

The Washington School Community is dedicated to providing equal access to learning for all students, where race, gender or socioeconomic status does not predict which students achieve at school. Through culturally responsive instructional practices we recognize the varied learning styles and intelligence of all students while maintaining high expectations. We strive to provide a nurturing, respectful, and safe learning environment that will empower children with skills and knowledge that will lead to their success in a changing world. Our commitment to the implementation of state standards through the use of board-adopted curricula will ensure that all students achieve high levels of proficiency as determined by grade level, school, district, and state measures.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Leandro Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school’s instructional program. San Leandro Unified School District held a public hearing on September 14, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district-adopted textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. The most recent textbooks as of August 2022 are illustrated in the chart.

School Facility Conditions and Planned Improvements

Age & Condition of Facilities

Washington Elementary School was originally constructed in 1916 and is currently comprised of 21 classrooms, an RSP room, a library, a staff room, a multi-purpose room, a kitchen/cafeteria, and two playgrounds. Recent renovations include the installation of new exterior fencing, exterior paint, and connection to the city's fiber loop for high-speed internet access.

Cleaning Process

The principal works daily with the head custodian and custodial staff to ensure a clean and safe school environment.

Maintenance & Repair

District maintenance staff inspects and makes timely repairs necessary to maintain the facility. The district recently implemented a new work order system to ensure efficient and timely service for all repairs and service requests.

Measure J1 Bond Work:

The school received new heating, ventilation, and air conditioning (HVAC) units in all classrooms. Additionally, the school's electrical system will be upgraded to accommodate future needs.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	35	N/A	37	N/A	47
Mathematics (grades 3-8 and 11)	N/A	31	N/A	25	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent Involvement is very important at Washington School. Our Parent Center serves as a gathering point for parents during the school day, before and after school. We typically host morning meetings for parents that include coffee and general conversation and workshops based on parent requests. Our School Site Council meets every month on a Thursday at 4:30 PM. This group has a profound impact on the school budget and all are welcome to attend. Washington has an English Language Advisory Committee that meets once a month in the mornings. This meeting covers various topics pertinent to the success of our English Learners. We are working towards establishing an African-American Parent group to ensure that we are meeting the needs of our African-American students. We have a multitude of events that take place during the year that parents, partnering with staff, provide for our students and our community. Any parents interested in participating are welcome to call Maria Ochoa, our Parent Facilitator, at (510) 618-4360 extension 3333.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The San Leandro Unified School District recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The governing Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. The School Site Council at Washington School develops a Comprehensive School Safety Plan relevant to the needs and resources of that particular school. A current copy of the School Safety Plan is required to be kept on file. Providing as much in-person live instruction that can be safely delivered is a priority of the district and community. SLUSD is following guidelines from the California Department of Education, California Department of Public Health, Centers for Disease Control (CDC), The Alameda County Public Health Department, Alameda County Office of Education, and the Governor's office as we navigate the 2022-23 academic school year.

SLUSD is committed to following Alameda County's established safety guidelines. Appropriate safety measures include physical distancing, self-screening/active screening, specific classroom safety procedures, hand washing/sanitizing, and face-covering procedures. Additionally, SLUSD provides training in safety protocols and procedures to all staff and students at school sites and district offices. Although physical distancing is no longer a requirement, SLUSD is encouraging and enforcing physical distancing when possible. All activities that can be held outdoors have been planned for, such as our outdoor dining option which is highly encouraged for all of our students during snack and lunch times.

All SLUSD schools have uniform emergency procedures for an intruder on campus, unsafe situations in the surrounding community, chemical spills, or environmental and natural disasters. All procedures were created in collaboration with local law enforcement and are based upon nationwide best practices. Procedures are kept confidential to the community to protect students and staff. In response to COVID-19, SLUSD will report all confirmed positive cases among personnel and students physically present at district schools and facilities during their infectious period for COVID-19. The infectious period begins two days before the onset of symptoms. If the case did not have symptoms, the infectious period is considered to be two days prior to the testing date. Note that personnel includes contractors, substitutes, and others working at SLUSD schools and facilities. for the most up-to-date emergency and safety information and the district COVID-19 Resources and information visit <https://www.slusd.us/families-community/>.

Professional Development

Our District is committed to excellent Professional Development. Several times a year our teachers receive training in the latest technology, curriculum, English Language Development, National Science Standards, ultimately refining the delivery of Common Core State Standards. In addition to the District PD, each Wednesday Washington teachers participate in optional mini-PDs and collaboration that strengthen teacher and staff practice throughout the academic school year. Washington teachers are allotted three professional days to work collaboratively. This time is used to incorporate Project Based Learning into their daily teaching. All teachers also have the opportunity to work with instructional coaches in the classroom and during collaboration time. New teachers participate in the Teacher Induction Program. Teachers and other Washington staff have been trained at the Museum of Tolerance on the incorporation of Social Justice standards into their every day practice. Washington teachers participated in a training in Dual Language Education facilitated by Dr. Jose Medina and continue to receive professional development opportunities and collaboration around best instructional practices in a Dual Language Immersion Program. The entire staff is using the Guiding Principles of Dual Language Education to enhance their understanding of DLI and overall best practices.
