Contractor shall defend, indemnify, protect and hold harmless the San Leandro Unified School District and its agents, officers and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arise from or are connected with or are causes or claimed to be caused by Contractor's failure to comply with all of the requirements contained in Education Code section 45125.1, including, but not limited to, the requirement prohibiting contractor from using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code 45125.1.

4. Excuse for Non-Performance - Force Majeure Clause

The Contractor shall be excused from performance hereunder during the time and to the extent that it is prevented from obtaining, delivering or performing in the customary manner by act of God, fire, strike, partial or total interruption of, loss or shortage of transportation facilities, lockout, commandeering of raw materials, products, or facilities by the government, when satisfactory evidence thereof has been presented to the other party providing it is satisfactorily established that the non-performance is not due to the fault or negligence of the party not performing.

5. Assignment

The Contractor shall not assign, convey, or transfer any rights, obligations, or interests hereunder without the prior written consent of the District.

6. Prevailing Law

In the event of any conflict or ambiguity between a) the Instructions, General Conditions, Specifications, or any other document forming a part of this Request for Proposals, and b) state or federal law or regulations, the latter shall prevail. Additionally, all equipment to be supplied or services to be performed under the proposal shall conform to any applicable requirements of local, state and federal law.

7. Anti-Discrimination

It is the policy of the District that, in connection with all the work performed, there will be no discrimination against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, religious creed, sex, age, sexual orientation, or marital status. The Contractor agrees to comply with applicable federal and California laws, including, but not limited to, California Fair Employment Practice Act, beginning with Labor Code Section 1410, and Labor Code Section 1735. In addition, the Contractor agrees to require like compliance by any subcontractors employed on the work.

8. Employment Diversity Plan (optional)

Contractors who will perform more than \$58,900.00 in business with the District during the fiscal year can provide the Purchasing Manager with an employment diversity action plan prior to the signing of any contract. A good faith effort is asked to be made by the contractor in providing this plan, if available, to the District.

9. Governing Law and Venue

In the event of litigation, the documents, specifications and related matters shall be governed by and construed in accordance with the laws of the State of California. Venue shall be the appropriate state or federal court located in Alameda County.

Invoices for the District's portion shall be processed for payment once a month.

If contractor does not apply discounts to invoices in a timely manner, District reserves the right to terminate agreement upon written notice.

The successful bidder agrees to bill and receive a portion of the payment for the provisions of goods and services described herein directly from the Universal Service Administrative Company ("USAC"), and/or the Schools and Libraries Division ("SLD") via the Form 474 Service Provider Invoice (SPI). The District will NOT file a Form 472, and will only be responsible for paying its non-discounted share of costs. Should the District, at the time of project implementation, decide that it is in the interest of the District to file a Form 472, the District will inform the vendor of its intention. The District and the successful bidder will act in a reasonable manner and comply with any Schools and Libraries Universal Service Fund Program requirements.

11. Gratuities

District policy precludes employees from accepting any gratuities from Contractors. Rebates or any other form of commission or discount must be issued to San Leandro Unified School District.

Rates/pricing offered shall be firm and fixed for the term of this agreement. Rates/pricing for the optional renewal periods shall be subject to annual adjustment, as follows:

The District shall notify the Contractor by October 1st of the year preceding the renewal date of its intent to renew this agreement for an additional one-year term. Any renewal shall be on the same terms and conditions as the original agreement except for any authorized price adjustments not to exceed 5% per year.

Any decrease in prices of the products and services listed herein must result in a corresponding decrease in prices to the District for the balance of the contract period, or as long as the lower prices are in effect.

Should the District terminate this agreement, the Contractor also agrees to refrain from implementing any service termination fees or charges in the event of cancellation or termination of this agreement.

Contractor agrees that the District will enjoy the most favorable rates afforded to end users of the Contractor's Internet Services with similar volumes, terms and conditions as the District's.

15. Default

If the Contractor refuses or fails to perform all or any part of its obligations hereunder, or fails to perform all or any part of its obligations in a timely manner, or if the Contractor should be adjudged a bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, or if he or any of his sub-contractors should violate any of the provisions of this contract, the District may serve written notice upon him and his surety of its intention to terminate this contract, such notice to contain the reasons for such intention to terminate this contract, and unless within ten (10) days after the serving of such notice, such violation(s) shall cease and arrangements satisfactory to the District for the correction thereof shall have been made, this contract shall, upon the expiration of said ten (10) days, cease and terminate.

16. Cost Records

In accordance with generally accepted accounting principles, the Contractor shall maintain full and complete records of the cost of services performed under this Agreement. Such records shall be open to the inspection of the District or to the appropriate federal agencies at all reasonable times.

17. Conduct of Contractor

The Contractor agrees to inform the District of all the Contractor's interests, if any, which are or which the Contractor believes to be incompatible with the interests of the District.

The Contractor shall not, under circumstances which might reasonably be interpreted as an attempt to influence the recipient in the conduct of his duties, accept any gratuity or special favor from individuals or organizations with whom the Contractor is doing business or proposing to do business, in accomplishing the work under the contract.

The Contractor shall not use for personal gain or make improper use of privileged information which is acquired in connection with its employment. In this connection, the term "privileged information" includes, but is not limited to, unpublished information relating to technological and scientific development; medical; personnel, or security records of individuals; anticipated materials requirements or pricing actions; and knowledge of selections of vendors or subcontractors in advance of official announcement.

The Contractor or employees thereof shall not offer gifts, gratuity, favors, or entertainment -- directly or indirectly -- to District employees.

18. Audit and Inspection of Records

GENERAL

The District shall have the audit and inspection rights described in this section.

COST OR PRICING DATA

If the Contractor submitted cost or pricing data in connection with the pricing of this contract or any change or modification thereto, unless such pricing was based on adequate price competition, established catalog or market prices of the commercial items sold in substantial quantities to the general public, or prices set by law or regulation, the District's representative(s) shall have the right to examine all books, records, documents and other data of the Contractor related to the negotiation pricing or performance of such contract, change or modification, for the purpose of evaluating the accuracy, completeness and currency of the cost or pricing data submitted.

AVAILABILITY

The materials described above shall be made available at the office of the Contractor, at all reasonable times, for inspection, audit or reproduction, until the expiration of three (3) years from the date of final payment under this contract, or by (a) and (b) below:

- a. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for a period of three (3) years from the date of any resulting final settlement.
- c. Records which relate to appeals under this contract, or litigation or the settlement of claims arising out of the performance of this contract, shall be made available until such appeals, litigation, or claims have been disposed of, or three (3) years after contract completion, whichever is longer.

19. Disputed Charges / Billing

In the event that the District reasonably determines that there is a material discrepancy between the contractor's invoiced charges and the District's calculation of charges owed, the District shall be permitted to withhold the disputed amount; provided, however, that the District agrees to provide notice to the contractor, with supporting documentation illustrating the basis for bona fide dispute within their payment terms.

If such billing disputes remain unresolved within sixty (60) days of submission to the vendor, both parties agree to arbitration by an impartial third party. The contracted vendor shall not disrupt service to the District for such issues pending resolution.

20. Right To Acquire Equipment and Services

Nothing in this agreement shall prohibit the District from acquiring the same type or equivalent equipment and/or services from other sources, when deemed to be in the District's best interest. The District reserves the right to not enter into a contract as a result of this RFP.

10. All responses and pricing must be based on costs before E-rate discounts (if applicable) are applied.

Amortization of Capital Investment Costs

Eligible Telecommunications Services and Internet Access can include service provider equipment costs and/or a non-recurring charge for capital investment by the service provider. However, in cases where applicants enter a multi-year contract and

the upfront or non-recurring charge is \$500,000 or more, the total charge must be prorated evenly over a period of at least three years. Applicants may not seek to recover more than one-third of the total non-recurring charges in any one funding year if they are \$500,000 or more. Costs of eligible Telecommunications Services and Internet Access must not provide ownership interest to applicants. Eligible costs in these two categories of service are for provision of services only, not applicant ownership.

Eligibility Conditions for Support that Include Charges for Lease of On-Premise Equipment

The on-premise equipment will be provided by the same service provider that provides the eligible telecommunications or Internet access service of which it is a part.

- Responsibility for maintaining the equipment rests with the service provider and not the school or library.
- Ownership of the equipment will not transfer to the school or library in the future, and the relevant contract or lease does not include an option to purchase the equipment by the school or library.
- Upfront, capital charges of the on-premise equipment are less than 67% of total charges (recurring plus non-recurring) in the funding year.
- The equipment will not be used by the school or library for any purpose other than receipt of the eligible telecommunications or Internet access service of which it is a part.
- The Local Area Network of the school or library is functional without dependence on the equipment.
- There is no contractual, technical, or other limitation that would prevent the service provider from using its network equipment, in part, for other customers.

E-RATE SUPPLEMENTAL TERMS AND CONDITIONS

Signed copy to be returned with proposal and/or bid response ("Proposal") in response to this Solicitation ("RFP/RFB/RFQ").

The Telecommunications Act of 1996 established a fund by which Schools and Libraries ("Applicant" or "Applicants") across the Country could access discounts on eligible telecommunications products and services. The program is commonly known as the E-rate Program. The eligibility for discounts on internet access, telecommunications products and services, internal connection products, services and maintenance is determined by the Federal Communications Commission ("FCC"). Funding is made available upon application approval by the Universal Service Administrative Company ("USAC"), which was established by the Act. The amount of the discount is based on the numbers of students eligible to receive free and reduced-price meals.

1) E-RATE CONTINGENCY

The project herein (is/may be) contingent upon the approval of funding from the Universal Service Fund's Schools and Libraries Program, otherwise known as E-rate. Even after award of Agreement(s) and/or E-rate funding approval is approved, the Applicant may or may not proceed with the project, in whole or in part. Execution of the project, in whole or in part, is solely at the discretion of the Applicant.

2) SERVICE PROVIDER REQUIREMENTS

The Applicant expects Service Providers to make themselves thoroughly familiar with any rules or regulations regarding the E-rate program.

a. Service Providers are required to be in full compliance with all current rules and requirements and future rules and requirements issued by the FCC and USAC throughout the agreement period of any Agreement entered into as a result of this RFP/RFB/RFQ.

b. Service Providers are responsible for providing a valid Service Provider Identification Number ("SPIN"). More information about obtaining a SPIN may be found at this website: <https://www.usac.org/e-rate/service-providers/step-1-obtain-a-spin/>

c. Service Providers are responsible for providing a valid Federal Communications Commission Registration Number ("FRN") at the time the Proposal is submitted. More information about obtaining an FRN may be found at this website: <https://fjallfoss.fcc.gov/coresWeb/publicHome.do>

d. Service Providers are responsible for providing evidence of FCC Green Light Status at the time the proposal is submitted. Any potential Service Provider found to be in Red Light Status must provide an explanation of the steps it is undertaking to be removed to Red Light Status and the expected timeframe for resolution. A Service Provider's sustained Red Light Status may be grounds for termination of the Agreement as it could

prohibit the Service Provider from providing E-rate discounts in a timely manner which would cause harm to the Applicant. More information about FCC Red and Green Light Status may be found at this website: http://www.fcc.gov/debt_collection/welcome.html

e. Products and services must be delivered before billing and E-rate discounting can commence. At no time may the Service Provider invoice before July 1, 2026.

f. Prices must be held firm for the duration of the associated E-rate Funding Year(s) or until all work associated with the project is complete (including any Agreement and USAC-approved extensions).

g. Goods and services provided shall be clearly designated as "E-rate Eligible." Non-eligible goods and services shall be clearly called out as 100% non-eligible or shall be "cost allocated" to show the percentage of eligible costs per USAC guidelines.

h. For Category 2 equipment or services, within one (1) week of notification of award, the awarded Service Provider must provide the Applicant a bill of materials using a completed and most current and appropriate version of USACs "Bulk Upload Template" (formerly known as the Item 21 attachment) located at <https://www.usac.org/e-rate/applicant-process/applying-for-discounts/fcc-form-471-filing/>. Subsequent schedules of values and invoices must match the Bulk Upload Template and approved Funding Request Line Items or subsequent approved service substitutions. If the service provider's proposal consisted of pricing per eligible location, a summary sheet and summary Bulk Upload Template must be provided to describe the cumulative amount for all sites.

i. In the event of questions during an E-rate pre-commitment review, post-commitment review, and/or audit inquiry, the awarded Service Provider is expected to reply within 3 days to questions associated with its proposal.

j. The awarded Service Provider is required to send copies of all forms and invoices to the Applicant prior to invoicing USAC for pre-approval. Failure to comply with this requirement may result in the Applicant placing the vendor on an "Invoice Check" with the USAC: <https://www.usac.org/e-rate/applicant-process/invoicing/invoice-check/>.

k. Service providers must comply with the FCC rules for Lowest Corresponding Price ("LCP"). Further details on LCP may be obtained at USAC's website: <https://www.usac.org/e-rate/service-providers/step-2-responding-to-bids/lowest-corresponding-price/>.

l. Service providers must not propose any equipment or services produced or provided by companies, their parents, affiliates, and subsidiaries, found to pose a national security threat to the integrity of communications networks or the communications supply chain as required by FCC rules. See <https://www.usac.org/about/reports-orders/supply-chain/>. Any proposed solution including Covered Equipment or Services as defined by the FCC will be disqualified. If, after award of the project it is found Covered Equipment or Services are included, the award and/or Agreement will be considered to be null and void. See <https://www.fcc.gov/supplychain>.

m. SPAM and/or robotic responses will not be considered valid Proposals and will be disqualified from consideration.

n. Any Service Provider proposals identifying contingency fees such as allocations for change orders, tariffs, or other speculative fees not specifically called out for in the scope and/or terms of the RFP/RFB/RFQ will automatically be included in the Proposal price and subject to evaluation unless otherwise specified in the RFP/RFB/RFQ. Contingency fees not pre-approved by the Applicant will not be allowed.

3) SERVICE PROVIDER ACKNOWLEDGEMENTS

a. The Service Provider acknowledges that no change in the products and/or services specified in its proposal will be allowed without prior written approval from the Applicant and a USAC service substitution approval with the exception of a Global Service Substitutions. See

<https://www.usac.org/e-rate/applicant-process/before-youre-done/service-substitutions/>.

b. The Service Provider acknowledges that all pricing and technology infrastructure information in its Proposal shall be considered as public and non-confidential pursuant to §54.504 (2)(i)(ii).

c. The Service Provider acknowledges that its offer is considered to be the lowest corresponding price pursuant to § 54.511(b). Service Providers found not to be providing Lowest Corresponding Price (LCP) may be required to repay any identified overcharges to USAC. The Service Provider acknowledges that LCP is solely the service provider's responsibility and it will not hold the Applicant liable, or seek reimbursement from any applicant, for any appeals, commitment adjustments or funding recoveries.

d. The Service Provider attests that its offer does not violate the FCC's Supply Chain certifications included in the FCC Form 473. Supply Chain requirements and certifications can be viewed at USAC's Website:

<https://www.usac.org/about/reports-orders/supply-chain/>.

e. This offer is in full compliance with USAC's Free Services Advisory

<https://www.usac.org/e-rate/applicant-process/competitive-bidding/free-services-advisory/>. There are no free services offered that would predicate an artificial discount and preclude the applicant from paying its proportionate non-discounted share of costs. The Service Provider agrees to provide substantiating documentation to support this assertion should the applicant, USAC, or the FCC request it.

4) STARTING SERVICES/ADVANCE INSTALLATION

Category 1 Services

The annual E-rate Funding Year begins on July 1 and expires on June 30 of each calendar year. Regardless of the Agreement's "effective date," E-rate eligible goods and/or services requested in this RFP/RFB/RFQ shall be delivered no earlier than the start of the 2026 funding year (July 1, 2026). If Category 1 services (Telecommunication Services and Internet access) will begin on or shortly after July 1 of a funding year, the service provider, in some cases, may need to undertake some construction and installation work prior to the beginning of that funding year. Within the limitations indicated below, the infrastructure costs of a service provider can be deemed to be delivered at the same time that the associated Category 1 services begin. That is, if services begin on July 1, then the delivery of service provider infrastructure necessary for those services can be considered as also delivered on July 1. However, NO INVOICING can take place prior to July 1 of the associated Funding Year.

Early Funding Conditions

Category 1

There are four conditions that must be met in order for USAC to provide support in a funding year for Category 1 infrastructure costs incurred prior to that funding year.

- *Initiation of installation cannot take place before selection of the service provider pursuant to a posted Form 470 and in any event no earlier than six months prior to July 1 of the funding year.*
- *The Category 1 service must depend on the installation of the infrastructure.*
- *The underlying Category 1 service cannot have a service start date prior to July 1 of the funding year.*
- *No invoices can be submitted to USAC for reimbursement prior to July 1 of the funding year.*

For more information, please refer to the FCC Order involving the Nassau County Board of Cooperative Educational Services ([DA 02-3365](#) , released December 6, 2002). This FCC decision only applies to Priority/ Category 1 services (telecommunications services and Internet access).

The complete text can be found at the following URL:

<https://www.usac.org/e-rate/applicant-process/starting-services/advance-installation/>

Category 2

There are two conditions that allow USAC to provide support in a funding year for Category 2 Internal Connections (equipment and services) incurred prior to that funding year.

- *Applicants may seek support for Category 2 eligible services purchased on or after April 1, three months prior to the start of the funding year on July 1. This will provide schools with the flexibility to purchase equipment in preparation for the summer recess and provide the maximum amount of time during the summer to install these critical networks.*
- *No invoices can be submitted to USAC for reimbursement prior to July 1 of the funding year.*

For more information, please refer to the FCC Report and Order and Further Notice of Proposed Rulemaking ([FCC 14-99](#), released July 23, 2014).

It is important to note NO FCC FORM 474 INVOICING can take place before the Funding Commitment Decision Letter is issued, the FCC Form 486 is approved, and/or prior to July 1 of the funding year.

5) INVOICING

a. The Service Provider agrees to bill and receive a portion of the payment for the provisions of goods and services described herein directly from USAC via the FCC Form 474 Service Provider Invoice (SPI). The Applicant will only be responsible for paying its non-discounted share of costs and does not intend to use the BEAR process (FCC Form 472). The maximum percentage the Applicant will be liable for is the pre-discount amount minus the funded amount as shown on the FCC Form 471 Funding Request Number ("FRN") and associated FRN Line Items and any identified ineligible costs. Upon the successful receipt or posting of a Funding Commitment Decision Letter from USAC and submission, certification and USAC approval of FCC Form 486, the Applicant shall pay only the discounted amount beginning with the billing cycle immediately following said approval. Alternatively, should the Applicant decide that it is in the best interest of the Applicant to file an FCC Form 472, the Applicant will inform the Service Provider of its intent.

b. The Service Provider agrees that it will not invoice USAC for equipment or services that have not been delivered to and accepted by the Applicant and installed. If equipment is being drop-shipped to the Applicant and the Applicant is responsible for installing the equipment, the Service Provider may not invoice USAC until equipment is received and accepted by the Applicant.

c. All Service Provider invoicing to USAC must be completed within 120 days from the last day of service. Should the Service Provider fail to invoice USAC in a timely manner, the Applicant will only be responsible for paying its non-discounted share.

6) FCC/USAC AUDITS

The E-rate program requires that all records be retained for at least ten (10) years from the last date of service provided on a particular funding request. The Service Provider hereby agrees to retain all books, records, and other documents relative to any Agreement resulting from this RFP/RFB/RFQ for ten (10) years after final payment. The Applicant, its authorized agents, and/or auditors reserves the right to perform or have performed an audit of the records of the Service Provider and therefore shall have full access to and the right to examine any of said materials within a reasonable period of time during said period.

7) PROCUREMENT OF ADDITIONAL GOODS AND/OR SERVICES AND AGREEMENT TERM

During the term of any Agreement resulting from this RFP/RFB/RFQ, the Applicant may elect to procure additional or like goods and/or services offered by the Service Provider. Such services shall be negotiated and obtained via an official amendment to this Agreement and approval by the Applicant's Governing Board. All terms, conditions, warranties, obligations, maintenance and support of said goods or services shall have a coterminous expiration date with the original date of this Agreement. The Applicant shall not enter into a separate Agreement for said goods or services. Service Providers must state in their proposal that they acknowledge, accept and are in agreement with coterminous expiration conditions.

8) TARIFFS

In anticipation of the possible tariff imposed on imported products, Applicant expects that the Service Provider will familiarize themselves with the impact that any unknown tariff(s) on manufacturer's products are appropriately accounted for in the respondent's fee proposal. The Applicant presumes a tariff will be imposed on any manufacturer's networking equipment manufactured abroad and will be applicable at the time of purchase throughout the term of any agreement resulting from this solicitation (including and mutually agreed upon extensions).

THE SERVICE PROVIDER IS TO IDENTIFY ANY TARIFFS WHEN COMPLETING ANY PRICING ATTACHMENTS AS PART OF THIS SOLICITATION AND IDENTIFY THE PRODUCTS' COUNTRY(IES) OF ORIGIN.

It is also the expectation of the Applicant that the presumed tariff should be LESS than what is identified or if it is not ultimately imposed upon the manufacturer's product, the cost saving will be passed along to the Applicant and, in turn, the FCC's E-Rate program. It should also be presumed by respondents that should any tariff imposed upon a particular manufacturer's product be higher than what was identified in the Service Provider's proposal at the time of purchase, the Applicant will appropriately compensate the service provider for the full cost incurred at the time of purchase without regard to E-Rate eligible invoices.

I, the undersigned, as an authorized agent of _____
(Service Provider Name), hereby certify that I have read the E-rate Supplemental Terms
and Conditions, am fully compliant and intend to cooperate with the E-rate process as
outlined above.
